

Information for PERSONAL CARE SERVICES

PURSUANT TO EXECUTIVE ORDER 20-139 OF GOVERNOR RON DESANTIS AS ISSUED June 3, 2020

Effective June 5, 2020, the following restrictions are mandatory for personal care services, including but not limited to tattooing, body piercing, tanning, acupuncture, and massage (medical and non-medical):

- All customers will be by appointment only.
- Allow at least 15 minutes between the conclusion of an appointment and the beginning of the next appointment for proper disinfecting practices.
- No group appointments are permitted.
- Masks must be worn by all service providers while performing personal services.

Best practices for personal care services

- Thoroughly clean and disinfect prior to reopening. Make sure to disinfect all tools, equipment, and surfaces, including counters, tables, and chairs. This type of cleaning should continue between each day of operation.
- In addition to wearing masks, service providers should also consider using face shields.
- Consider providing unworn masks to clients for use during their appointment.
- Remove all unnecessary, frequently touched items like magazines, newspapers, service menus and any other unnecessary paper products and décor from customer service areas.
- During daily operation, routinely clean and disinfect surfaces, particularly high-touch surfaces such as faucets, toilets, doorknobs, and light switches.
- Ensure restrooms and hand sinks are stocked with soap and paper towels.
- Practice hand washing for at least 20 seconds with soap and water.
- Wash hands upon removal of gloves.
- Use 60% alcohol-based hand sanitizer when soap and water are not available.
